

## ONE OCEAN GLOBAL

# OneOceanGlobal Conservationist Ambassador Application

Aloha! Mahalo nui loa (thank you very much) for your interest and passion to protect the ocean and marine life.

As a OneOceanGlobal ambassador for conservation we give you the lead to pave your own unique way of creating awareness and encouraging positive changes in your local community. As an ambassador it is your responsibility to organise efforts yourself and the team at OneOceanGlobal will provide a support network, organisation tools and an affiliation with OneOcean to back-up your projects in our growing network of conservationists and conservation action around the world.

We require that ambassadors host a minimum of 4 events per year. Anything from beach clean ups to education outreach, starting a petition to demanding change within your local government. You can take inspiration from fellow ambassadors and keep up to date with what the community is doing on Instagram: @oneoceanglobal. We encourage you to create posts and share your efforts with us to spread your message further!

We only have one planet, it is our responsibility to protect and conserve its natural resources. The ocean covers 71% of the Earth's surface, shapes the environment as we know it and makes all life possible. The ocean connects us all.

Mahalo for joining us to give back and help protect our ocean and its inhabitants.

Please fill out the following application and email it to us at your convenience.

*We suggest printing the application, filling it out and scanning before emailing it back.*
